ANCIENT STUDIES
from Chicago
**Gladius**
The World of the Roman Soldier
Guy de la Bédoyère

“Gladius is a highly successful introduction to the life of the Roman soldier. Neither a history of the army nor a review of battlefield tactics, it instead studies daily life in military services far beyond the aspects of soldiering typically treated in history books. Making use of a wide range of sources, from stone inscriptions to colorful anecdotes, de la Bédoyère’s informative and readable book offers real immediacy to readers.”—Clifford Ando, University of Chicago

2020 352 p. 6 x 9 16 halftones, 4 tables
1 Cloth ISBN: 978-0-226-75023-1 $30.00 OBE/EU
Your Price: $24.00

**Ruling Culture**
Art Police, Tomb Robbers, and the Rise of Cultural Power in Italy
Fiona Greenland

In 2006, the then-president of Italy declared his country to be “the world’s greatest cultural power.” With Ruling Culture, Fiona Greenland traces how Italy came to wield such extensive legal authority, global power, and cultural influence—from the nineteenth-century unification of Italy and the passage of novel heritage laws, to current battles with the international art market. Today, Italy’s belief in its cultural superiority is evident through the interactions of citizens, material culture, and the state—crystallized in the Art Squad, the famed military-police art protection unit. Greenland takes a close look at the Art Squad and state archaeologists on one side and unauthorized excavators, thieves, and smugglers on the other. Drawing on years in Italy interviewing key figures and following leads, Greenland presents a multifaceted story of art crime, cultural diplomacy, and struggles among international powers.

2021 328 p. 6 x 9 22 halftones, 1 map

**The Idols of ISIS**
From Assyria to the Internet
Aaron Tugendhaft

“[Tugendhaft’s] rich yet readable book puts ISIS’ smashing of ancient sculptures into historical and political context. . . . [It] is extremely relevant to America’s current debates about public sculpture, especially with regard to the role of violence in this debate.”—Los Angeles Review of Books Blog

“An elegant meditation on the conflict of images and its necessary role in politics. Looking at the lives of Mesopotamian monuments from Ashurbanipal to ISIS, Tugendhaft shows us how the stories they tell about the building and destruction of images are full of surprising similarities and address common philosophical questions.”—Faisal Devji, author of Islam after Liberalism

2020 136 p. 5 1/2 x 8 1/4 35 halftones

**The Phantom Image**
Seeing the Dead in Ancient Rome
Patrick R. Crowley

“How did the Romans represent the insubstantial figure of the ghost in a material as solid as stone? This study looks closely at funerary monuments and burial artefacts to make wider arguments about beliefs concerning the afterlife.”—Apollo

“The Phantom Image is as unique as its subject matter. Crowley shows impressive command of the historiographic and theoretical background while creating a book that is up-to-the-minute in terms of contemporary sources. This is an ambitious study in its intellectual, cultural, and chronological scope that focuses on some heretofore marginalized monuments and makes them central to an understanding of Roman visual culture.”—Barbara Kellum, Smith College

2019 328 p. 7 x 10 25 color plates, 71 halftones
4 Cloth ISBN: 978-0-226-64829-3 $60.00 Your Price: $48.00
Forthcoming

The Making of a King
Antigonus Gonatas of Macedon and the Greeks
Robin Waterfield
“Waterfield blends biography and history to give a layered account of the events of the third century through the life, times, and character of Antigonus, one of the most successful of the Antigonid kings of Macedon. Antigonus’s rule of the Greeks is a defining feature of this period, but it has rarely been treated in such depth. Waterfield has done commendable work in opening third-century Greece and the Antigonid kingdom to a general audience.”—Shane Wallace, Trinity College Dublin
2021 296 p. 6 x 9 16 halftones, 8 maps
5 Cloth ISBN: 978-0-226-61137-2 $27.50 NAM

Aristotle’s Art of Rhetoric
Translated and with an Interpretive Essay by Robert C. Bartlett
“Bartlett has made Aristotle’s Art of Rhetoric accessible to contemporary readers with his literal but elegant translation. His numerous notes that explain Aristotle’s historical and literary allusions as well as the subtleties of Aristotle’s Greek are indispensable for following Aristotle’s text. . . . As Bartlett leads us to expect, Aristotle’s Rhetoric offers a healthy correction to current ways of thinking about politics and about what we can expect of political leaders.”—Law & Liberty
2019 288 p. 6 x 9

The Pocket Stoic
John Sellars
“Sellars’s book is an excellent starting point for anyone interested in experimenting with this approach to life.”—Five Books

“Theoretically and vividly Sellars presents lessons in Stoicism that are strikingly relevant to modern life. From the great Roman Stoic authors, he distills teaching on managing emotions, dealing with adversity, facing death, and making the best use of every hour and situation. This is a book that excellently shows why Stoicism is the philosophy for our time. I recommend it with enthusiasm.”—A. A. Long, author of Epictetus: How to be Free
2020 64 p. 4 1/2 x 6
8 Cloth ISBN: 978-0-226-68296-9 $12.00 USAP

Letters on Ethics
To Lucilius
Lucius Annaeus Seneca
2015 604 p. 5 1/2 x 8 1/2

The Sarpedon Krater
The Life and Afterlife of a Greek Vase
Nigel Spivey
Perhaps the most spectacular of all Greek vases, the Sarpedon krater was decorated some 2,500 years ago by Athenian artist Euphronios. Its subsequent history involves tomb raiding, intrigue, duplicity, litigation, international outrage, and possibly even homicide. This concise, stylish book braids together the creation and adventures of this extraordinary object with an exploration of its abiding influence.

“This is art history (in the words of German art historian Aby Warburg) as a ‘ghost story for adults’: a kind of ‘detective work’ excavating the traces of antiquity in later art. In his pursuit of the Sarpedon motif, Spivey proves a diligent detective and an engaging storyteller.”—Times Literary Supplement
2019 240 p. 5 1/4 x 8 83 color plates

The Eternal City
*A History of Rome in Maps*
Jessica Maier

“Maier’s lively, imaginatively organized, and accessible book displays how centuries of maps not only tell stories about the city’s physical development but also show how Rome’s narratives of itself—conflating eras, resituating buildings, compressing waterways—unfurled in self-mapping from antiquity to the Metro.”

—Evelyn Lincoln, Brown University

2020 240 p. 8½ x 11 140 color plates
Cloth ISBN: 978-0-226-59145-2 $40.00
Your Price: $32.00

Giza and the Pyramids
*The Definitive History*
Mark Lehner and Zahi Hawass

“This volume was some thirty years in the making, being continually expanded and rewritten to keep pace with the wealth of new evidence uncovered on the Giza plateau. . . . You will need a strong coffee table for this one—here in this huge, richly illustrated volume is everything you ever wanted to know about Giza, the pyramids and the people who built them.”

—Ancient Egypt

2017 560 p. 9 x 11 442 color plates, 14 halftones

Your Price: $60.00

The Lives of Objects
*Material Culture, Experience, and the Real in the History of Early Christianity*
Maia Kotrosits

“Deeply reflective and compellingly poetic, *The Lives of Objects* attends to the too-easily ignored physical things that interact with and give shape to the cultural, social, and intellectual histories of early Christianity, inviting a major shift in our thinking toward an object-oriented way of being in community and in the world.”

—Timothy Beal, Case Western Reserve University

Class 200: New Studies in Religion
2020 232 p. 6 x 9
Paper ISBN: 978-0-226-70758-7 $30.00

Your Price: $16.00

The Codex and Crafts in Late Antiquity
Georgios Boudalis

“Boudalis, senior conservator at the Museum of Byzantine Culture in Thessaloniki, Greece, builds on past scholarship to argue that the multi-gathering codex, the traditional book, emerged from contemporary technology and skills from existing disciplines. . . . This volume is well illustrated with photographs and with drawings by the author, and documentation is extensive.”

—Choice

Lost Civilizations from Reaktion Books

The books in this series explore the rise and fall of the great civilizations and peoples of the ancient world.

“Consistently informative and well-written.”
—Minerva

Now in Paperback

Laughing Shall I Die
Lives and Deaths of the Great Vikings
Tom Shippey

“Magnificent. . . . Lively, friendly and occasionally barbed. . . . Shippey’s magnum opus provides not only an exhilarating, mind-expanding appraisal and retelling of Viking history but also an invitation to discover the cold-iron poetry and prose of the medieval North. Take up that invitation.”
—Washington Post

“[Shippey] shows us that both literary and archaeological evidence can help to bring us closer to the Old Norse mindset, providing fascinating proof of the Vikings’ own intellectual examination of their place in the world.”
—Wall Street Journal

Distributed for Reaktion Books
2018 368 p. 6 x 9 5 halftones

Dragons’ Teeth and Thunderstones
The Quest for the Meaning of Fossils
Ken McNamara

“McNamara opens window after window on the use and interpretation of fossils by different cultures from Ireland to Australia over the millennia and up to the present. Through the strange medieval mythologies of dragons’ teeth, stone swallows, roadstones, thunderstones, snakestones, and devil’s toenails, an even more ancient tradition is uncovered.”—Douglas Palmer, author of *A History of Earth in 100 Groundbreaking Discoveries*

*Distributed for Reaktion Books*

Before Nature
Cuneiform Knowledge and the History of Science
Francesca Rochberg

“Rochberg is a leading figure in the study of Mesopotamian science. . . . Her book is an erudite meditation on what understanding the world might have meant to Mesopotamian scholars. . . . A thoughtful and detailed overview of this world, and the ways in which cuneiform scholars systematized and understood the disparate phenomena they found there.”—*Inference*

2016 392 p. 6 x 9 1 halftone, 1 table

---

*Dæmons Are Forever
Contacts and Exchanges in the Eurasian Pandemonium*
David Gordon White

A richly illustrated tapestry of interwoven studies spanning some six thousand years of history, *Dæmons Are Forever* is at once a record of archaic contacts and transactions between humans and protean spirit beings—dæmons—and an account of exchanges, among human populations, of the science of spirit beings: dæmonology. In this virtuoso work of historical sleuthing, White invites his readers to reconsider the potential and promise of the historical method in religious studies, suggesting that a “connected histories” approach to Eurasian dæmonology may serve as a model for restoring history to its proper place, at the heart of the history of religions discipline.

*Silk Roads*
2020 360 p. 6 x 9 30 color plates, 38 halftones

Health and Disease in the Neolithic Lengyel Culture
Edited by Václav Smrcka and Olivér Gábor

Reason and Character
The Moral Foundations of Aristotelian Political Philosophy
Lorraine Smith Pangle
“Pangle’s book offers a singularly illuminating, meticulous, and learned examination. . . . Her argument that Aristotle ultimately offers a subtle, humane, socially responsible critique of the more conventional accounts of moral responsibility is all the more powerful because of her attention to Aristotle’s overall discussion and because of her careful exegesis of the text.”—Peter Ahrensford, Davidson College

Now in Paperback
The Socratic Way of Life
Xenophon’s Memorabilia
Thomas L. Pangle
“Magisterial. . . . The Socratic Way of Life sheds new light on the long-standing dispute concerning the authentic teaching of the historical Socrates as distinct from the Socrates portrayed in Plato’s dialogues. This could have little short of revolutionary implications for the study of classical philosophy.” —Carnes Lord, US Naval War College

Socrates Founding Political Philosophy in Xenophon’s Economist, Symposium, and Apology
Thomas L. Pangle
“It is exceedingly rare to encounter the combination on display here of philological exactness, command of the secondary literature, and a truly philosophical depth. A remarkable accomplishment that will bring Xenophon the philosopher to a new generation of students and scholars.” —Robert C. Bartlett, Boston College

Forthcoming
How Socrates Became Socrates
A Study of Plato’s Phaedo, Parmenides, and Symposium
Laurence Lampert
Plato dispersed his account of how Socrates became Socrates across three dialogues. Thus, Plato rendered his becoming discoverable only to readers truly invested. In How Socrates Became Socrates, Lampert recognizes the path of Plato’s strides and guides us through the true account of Socrates’ becoming. He divulges how and why Plato ordered his Phaedo, Parmenides, and Symposium chronologically to give readers access to Socrates’ development on philosophy’s fundamental questions of being and knowing.

Maimonides’ Guide of the Perplexed
A Philosophical Guide
Alfred L. Ivry
“This is an authoritative guided tour through the labyrinth of Maimonides’ Guide, led by one of its foremost scholars. . . . A tribute to Maimonides’ ‘brave and conflicted figure,’ Ivry’s unambiguous yet sensitive exposition of Maimonides’ philosophy will be appreciated by beginners and specialists alike.” —Sarah Stroumsa, Hebrew University of Jerusalem

Plotinus
Myth, Metaphor, and Philosophical Practice
Stephen R. L. Clark
“Applies a new approach to the interpretation of the thought of the founder of Neoplatonism. . . . [A] highly intelligent, learned, and beautifully written work, which constitutes an important contribution to Plotinian scholarship and to philosophy in general.” —Notre Dame Philosophical Review
Localism and the Ancient Greek City-State
Hans Beck

“By incorporating some of the key turns in the field of ancient history over the last thirty years—spatial, temporal, global, and local, as well as the move towards network based explanations—Beck has produced an important history that reads quite differently from the narrative familiar to many. He emphasizes the local not merely as a category of analysis but as a source of conflicting, resistant, alternative modes of discourse that added immeasurably to the richness of archaic and classical culture.”—Jeremy McInerney, author of Ancient Greece: A New History

Studies of Homeric Greece
Jan Bouzek

Studies of Homeric Greece is a comprehensive companion to the archaeology and history of Late Mycenaean to Geometric Greece and the koine of Early Iron Age Geometric styles in Europe and Upper Eurasia, circa 1300–700 BC. Bouzek discusses this pivotal period of human history, combining archaeological evidence with the words of Homer and Hesiod, and the first Phoenician and Greek trading ventures.

Dangerous Counsel
Accountability and Advice in Ancient Greece
Matthew Landauer

“Landauer has produced an exceptionally well-written and readable work of political theory that raises new and thought-provoking questions about the role of advice in tyrannies and democracies, which will be of interest both to political theorists and historians of ancient Greece.”—Matt Simonton, Arizona State University

Postclassicisms
The Postclassicisms Collective

“Postclassicisms is a deft and needful companion text for the critical classicist. The authors invite readers to think through the complex history and identity of classics through a series of interconnected concepts, launching a manifold inquiry into what it means to do classics. . . . This is a cerebral and accessible book: to read it is to hear the hum of astute minds engaged in an expansive conversation. As an interrogative metacommentary on classics it deserves to become a staple of proseminars and other methodological courses.”—Emily Greenwood, author of Afro-Greeks

Herodotus in the Anthropocene
Joel Alden Schlosser

“Schlosser is a master at making old texts relevant to the new world, and, with Herodotus in the Anthropocene, he brings Herodotus into conversation with the present, as a kind of corrective to modern liberal political theory. . . . This is a strong and provocative explication that deserves attention in political theory and beyond.”—Susan McWilliams Barndt, Pomona College

Signs from Silence
Ur of the First Sumerians
Petr Charvát

Based on primary research, this book works to reconstruct the early history of Sumer. What was this society like? What social structures did this society build? What were its institutions of authority? The answers Charváť proposes are of interest not only to archeologists, but to anyone fascinated by early human history.
How to Order
From Our Website: To get the special prices offered in this catalog, order with our secure shopping cart at our Preferred Buyers Page: www.press.uchicago.edu/directmail/. You will need the keycode (AD#) that is printed on the back cover.

By Mail: Fill out the form below, be sure to include all of your selections and a check, money order, or credit card information, and mail to: The University of Chicago Press, 11030 South Langley Avenue, Chicago, IL 60628.

By Phone: 773-702-7000. Please have your credit card ready and the order form available so that you can specify your selections. You must use the keycode (AD#) that is printed on the back cover. Office hours are 9:00 a.m. to 5:00 p.m. (CST).
